Re: Transfer To Inactive Status of Sealed Source Registration Certificate

Dear Mr. Jankovich,

I am writing to request that our sealed source registration NR-1081-S-101-S be changed to inactive status. Per section 13.4 to inactivate please find the below answers to the questions posed:

1. The total number of products sold in 2012 prior to ceasing manufacturing is 69,106 units.
2. We will not be providing any replacement sources and the last source sold was 30-Jun-12
3. We will no longer manufacture or sell any sealed source product and have not since 30-Jun-12
4. There have been no changes made to the product.

Manufacturing and sale of sealed sources ended on 30-Jun-12 as that portion of the business was sold. We wish to transfer our status at this time to inactive permanently.

Best regards,
