Rosalyn, Seth,

In response to your e-mails below, I am forwarding FYI the attached e-mail: Core Oncology requested to inactivate their sealed source and device (SSD) registration certificate.

We opened and SSD case to process the request.

Please contact me if you have further questions.

Seth,

I spoke with John Jankovich, they have been trying to track down this licensee for a couple of week. I have attached an email that John sent to our Regional Agreement State Officer in Region IV asking for assistance. We have asked him to reach out to State of Oklahoma to determine whether the licensee is active, and see whether the State has better contact information.

John is awaiting a response, and will provide any information as soon as he receives it.

Margie,

Any thoughts on how we can contact this Licensee?

Thanks
Seth

I have made numerous calls and Rosalyn has communicated with Traci Kime and John Jankovich about this Sealed Source & Device – Registration. I haven't had any luck contacting Core Oncology. Lynn, Richard, and Rosalyn, all have tried to contact them, without success. This invoice is almost 180 days old. I did manage to contact Theraigenaics, who said that they purchased Core Oncology equipment. Telephone numbers 1-800-371-5120 and 866-545-2673:
