Hi Greg,

The morning of the 24th works for me. Could you please let us know the material you would like us to present soon? We will need to assemble the presentation and send it through our information release process (ERICA) before the 24th. I imagine the slide presentation will be similar to what was presented at the SPIE conference, no?

Thanks,
Tony

We are tentatively looking at April 24 for the meeting, should be in the morning on Pacific time. Please let me know if that would be a problem for you.

Thanks,
Greg
