Subject: RE: Docket 71-9297, Request for one-time shipment

Huda,

I recently left you a voice message with much of the following discussion, but for clarity the detailed information is below.

In regards to the one-time shipment request for the Traveller (USA/9297/AF-96), there are a total of 70 packages used for the shipment. While only approximately 35 may be over the tare weight limit, I had earlier provided you with the serial numbers of the first 59 packages in the shipment. The remaining 11 package serial numbers are included in the full list below of all 70 packages.

Westinghouse would also like to request an additional two weeks to be added to the shipment timeline, as the customer has a history of unloading and empty return shipment delays. The request for a one-time shipment approval is for a single campaign of shipments to Palo Verde to take place from approximately June 3, 2013 to July 13, 2013 (a two week extension from the original request).

Should you have any questions or require additional information, please contact me or the Nuclear Fuel Transport Director, Wes Stilwell at 1-803-647-3438 or stilwewe@westinghouse.com.

Thank you.

Tanya Sloma

Tanya,

Just wanted to confirm, is it 35 or 59 packages that exceed the tare weight? I think in the original letter it says 35.

Thanks,

Huda

Huda,

Below is a list of all 59 Traveller XL packages (USA/9297/AF-96) that will be used to make the shipment to Palo Verde under the requested one-time shipment exemption.

Should you have any questions or require additional information, please contact me or the Nuclear Fuel Transport Director, Wes Stilwell at 1-803-647-3438 or stilwewe@westinghouse.com.

Tanya,

Could you please provide me with the serial numbers that will be requiring the exemption so I can add it to the letter?

Thanks,

Huda

Hi Tanya,

I wanted to let you know that I am going to be working on this case. Pierre did turnover and so I have all the information. My goal is to get this out by the end of next week/beginning of next week.

Thanks and have a great weekend,

Huda Akhavannik
