Re: Safety Culture

Attn: Michael Vasquez

Mr. Vasquez,

I am writing you this letter to inform you that Texas Gamma Ray, LLC has finished the required training and testing per our agreement with the NRC regarding our Safety Culture training. All management and employees have successfully taken and passed the training that was implemented at each of our offices. We feel this should full fill our requirements issued in the Security Order issued by the NRC. If you have any further question please fill free to contact me.

Regards,

Tommy Jacobs
Director of Operations
