Mr. Bhachu,

As per our conversation on Friday 5/3/2013, I am sending this email to inform you that Analytical Instrument Brokers, LLC. is in the process of disposing of any and all radioisotopes in its possession and will be terminating its licenses to both hold and distribute these materials. We will be working with Ram Services, a licensed disposal company, to remove and dispose of the material. We hope to have this completed by the end of June 2013.
