Technical Assumptions for the Electronic Document and Action Tracking System (EDATS) and Executive Director Tracking System (ETS) Analysis and Support Services PMM TO19 Extended Period of Performance

It is ATSC understanding, that due to the NRC budget limitations activities during extended period of performance will focus on bare minimum support for existing system and ad-hoc other activities should there be any hours left or the need to be determined.

The contractor assumes the following as related to SoW based on new budget climate and new objective of the TO:

SOW Section 3: Objective and Deliverables

- Analyze and implement change requests (CRs) that are prioritized and approved by the TOCOR based on schedule and available hours
- Analyze and implement reporting requirements that are prioritized and approved by the TOCOR based on schedule and available hours
- Deliver documentation of changes

SOW Section 7: Scope of Work

The contractor shall provide analysis and support for continuing operations of the ETS system. The contractor shall provide other ad-hoc analysis services as required by TOCOR.

SOW Section 10: Meetings and Travel

Contingent on funds being available, the contractor shall travel to NRC Headquarters to work onsite to perform the above work which requires a physical presence at the NRC. It is assumed that contractor will be at NRC 1 (one) work day a week. The contract shall utilize virtual connection to NRC when appropriate. No other travel is anticipated as part of this task order and NRC will not reimburse for local travel. Contingent on funds being available, due to the operational nature of this support the contractor must be available for consultation within 48 hours of initial request from the TOCOR. This support can be provided by phone. If the TOCOR determines that onsite support is needed, the contractor must provide support within 1 (one) week.

and support to
