**RE: Request for Amendment of Certificate NR-0122-D-101-B and NR-0122-D-102-S**

Dear Dr. John Jankovich,

The manufacturer betacontrol GmbH changed his name to BST ProControl GmbH

Please implement this name change in the certificates NR-0122-D-101-B and NR-0122-D-102-S

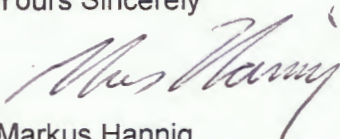

This name change has no effect on the overall design, other than new name plates reading now BST ProControl GmbH.

The licensing purpose and the integrity of the Model MK 1.0 (new and old version) will not be effected by these changes.

Thank you for assisting me in this matter.

Please do not hesitate to call me, if you have any questions.

Yours Sincerely

Markus Hannig
