In the Matter of
SHAW AREVA MOX SERVICES
Mixed Oxide Fuel Fabrication Facility
Docket No. 70-3098-MLA

Dear Administrative Judges,

During the teleconference held between the Atomic Safety and Licensing Board ("Board") and the parties on May 9, 2013, the Board requested that the NRC staff ("Staff") make one or more additional witnesses available for Board questioning at the upcoming supplemental evidentiary hearing to commence on May 21, 2013. In response to that request, the Staff provides notice to the Board and to the parties of the availability of two witnesses (in addition to Mr. Tom Pham): Mr. Thomas Grice and Mr. David Tiktinsky.

Mr. Grice is currently a Team Leader in the Material Controls & Accounting Branch in the Division of Fuel Cycle Safety and Safeguards of the NRC Office of Nuclear Materials Safety and Safeguards. He has over 25 years of experience in domestic and international safeguards for nuclear material, physical protection, and information security. Mr. Tiktinsky is currently a Senior Project Manager in the Division of Fuel Cycle Safety and Safeguards of the NRC Office of Nuclear Material Safety and Safeguards. He manages the licensing review of the MOX facility and is, as such, intimately familiar with the intricacies of the process.

Consistent with past practice, the Staff tenders as additional exhibits (attached as enclosures) *curriculum vitae* for both Mr. Grice and Mr. Tiktinsky. The Staff has updated its exhibit list accordingly (also attached).

Please contact me at (301) 415-2174 with any questions.

Respectfully submitted,

/RA/

Christopher C. Hair
Counsel for the NRC Staff
