## General Comment

I live on the New Haven Road and it is a dirty small winding road which carries log trucks and Volkswagen alike. There have been many accidents on the road as it is. Now a colony of Amish folks have moved in behind me and they are on the road in their carriages.

It is my hope you will make good decisions for the inhabitants of our county while you construct roads and mess with our drinking water.

I like to believe that you care about the people, their road and their water as you begin your work.
