SUBJECT: TERMINATION OF YOUR NRC RADIOACTIVE MATERIALS LICENSE

Dear Ms. Zoeller:

In letter dated February 4, 2013, SSM DePaul Health Center's Radiation Safety Officer and the Network Service Line Executive for SSM Ambulatory Services contacted the U.S. Nuclear Regulatory Commission and indicated that you wished to terminate SSM Ambulatory Cardiac Imaging's NRC radioactive material license. The NRC staff has reviewed your request, which did not include final status surveys. Based on its review, the staff has concluded that all licensable radioactive material has been transferred from SSM Ambulatory Cardiac Imaging, NRC license number 24-32451-01, to SSM DePaul Health Center, NRC license number 24-02490-03.

Based on these conclusions no further remediation or actions with respect to NRC regulated material is required, on the part of SSM Ambulatory Cardiac Imaging. Accordingly, NRC license number 24-32451-01 is hereby terminated.

In accordance with 10 Code of Federal Regulations 2.390 of the NRC's "Rules of Practice," a copy of this letter and its enclosure will be available electronically for public inspection in the NRC Public Document Room or from the NRC's Agencywide Documents Access and Management System (ADAMS), accessible from the NRC Web site at <http://www.nrc.gov/reading-rm/adams.html>.

If you have any questions, please contact me at (630) 829-9887.

Sincerely,
