Re: Docket ID NRC-2013-0024.

Dear Ms. Vietti-Cook:

My name is Patrick Lavin. I am the Business Manager of International Brotherhood of Electrical Workers, AFL-CIO, Local Union #47 (IBEW #47). We are located in Diamond Bar, California. IBEW #47 represents members working in the electrical utility industry. A small percentage of those members are employed, through Southern California Edison (SCE) at the San Onofre Nuclear Generating Station (SONGS) located in San Onofre, California.

IBEW #47 is in opposition to any restrictions to access to nuclear plant property as we feel it would impair the morale of our members and compromise the ability to conduct grievances/union business in an efficient and effective manner.

IBEW #47 has an established agreement with Southern California Edison (SCE) which allows for access to the property and for any violations of that to be subject to challenge before an arbitrator.

Should you need any further information, please feel free to contact me at your convenience.

Yours truly,
