## PUBLIC NOTICE OF HAZARDOUS WASTE MANAGEMENT PERMIT RENEWAL

The Illinois Environmental Protection Agency (IEPA) and U. S. EPA hereby give notice of intent to renew a Resource Conservation and Recovery Act (RCRA) permit held by Honeywell International, Inc. at 2768 North US 45 Road, 1.5 miles north of Metropolis, Illinois. Honeywell manages hazardous wastes generated by its facility's industrial processes in containers and surface impoundments under its existing RCRA permit; the draft permit renewal contains no significant changes to currently permitted activities.

The interested public is invited to review a copy of the permit application, draft permit decision and related fact sheet at the **Metropolis Public Library at 317 Metropolis Street.**

Written comment on the draft permit may be sent to the respective agency—IEPA and U.S. EPA contacts listed below -- postmarked by **September 28, 2013**. Any public hearing request must be made in writing and must state the nature of the issue(s) to be raised at the hearing. Send written hearing requests postmarked by September 28, 2013 to the IEPA contact.

All comments received will become part of the respective agency's Administrative Record (AR) and will be evaluated in making the final permit decision. Commenters will be notified of the decision and appeal processes.

The ARs (permit application, draft permit decision and data submitted to the respective agency) are available for inspection by appointment only Mon-Fri, 9:00 a.m.-5:00 p.m. at the respective agency:
