All – please see revised draft response from VY and provide your thoughts/comments and whether it adequately addresses the RAI question(s). I'd like to target Wedn a.m. to discuss internally and then have our call w/the licensee. Please update your calendar for wedn as I plan to use the outlook scheduler to check your availabilities.

Thanks,
Rich

All—I agree with Rich—We will wait for the final submittal and discuss the course of action.
