FOIA/PA REQUEST

Case No.: 2014-0013
Date Rec'd: 10/18/13
Specialist: Phelps
Related Case:

To whom it may concern —

My name is T.J. Thomson, a reporter for the *Columbia Missourian*.

I seek access to the following records under the Freedom of Information Act: copies of all correspondence and other related data concerning radiation at the University of Missouri-Columbia's Pickard Hall.

Any material I use will be analyzed and may be published in our print and/or digital publications for the purpose of increasing public awareness and understanding of radiation risks at Pickard Hall.

I request that all fees be waived, as the bulk of currently available data provides only summary information of the radiation's extent. Further, conflicting claims have been made about the extent of the radiation danger and its impact. The data I am requesting will hopefully clarify these conflicting views and bring awareness and understanding to a broad segment of our audience, including regional and national viewers interested in this issue. I have no commercial interest in obtaining this information.

My contact information is as follows:
