Re: Amendment to 21-04127-02

Dear Madam or Sir:

We wish to amend our Materials License 21-04127-02 as follows:

**ADDRESS OF USE**

We wish to add the following address of use to our Materials License:

DMC Heart Hospital  
311 Mack Avenue  
Detroit, Michigan 48201

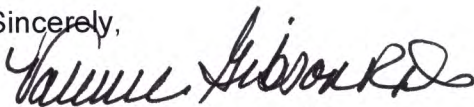

This is a new six(6) story structure being constructed on the campus of the Detroit Medical Center with connections to Harper University Hospital. The second floor of this complex will house diagnostic Nuclear Cardiology.

Nuclear Cardiology will be a diagnostic unit dose practice with no PET products at this time. In support of this request we have enclosed diagrams of the Nuclear Cardiology areas as required.

We will file in the future an amendment to "close-out" our existing Nuclear Cardiology section.

If you have any questions regarding this matter please contact our Nuclear Medical Physicist: Thomas M. Kumpuris, M.S. of Medical Physics Consultants, Inc. at [tkumpuris@mpcphysics.com](mailto:tkumpuris@mpcphysics.com)

Sincerely,

Valerie Gibson, R.N.,MSA  
Chief Operating Officer
