Gentlemen:

Thank you for your October 3, 1974 letter regarding your eighth periodic check of material at the San Onofre Local Public Document Room - the San Clemente Public Library.

In our letter of April 24, 1972, we requested that one of your representatives make periodic checks of the material at the Local Public Document Room to assure that revised and supplemental information is properly incorporated in the application and safety analysis report and that any amendments, reports, and letters which you have filed with us are available. It was our intent that your representative take appropriate steps to see that amendments to the safety analysis report are filed or incorporated if this had not been done by the librarian. Further, if material for San Onofre 1 has been inadvertently filed in the San Onofre 2 and 3 folders or vice versa, that the necessary corrections are made.

The three missing documents mentioned in your letter are being forwarded to the Public Document Room. If you find additional missing documents, and you do not have replacement copies, please telephone our Central Files, Mrs. Inez Bailey (301-973-7329), and advise her so that the missing information can be provided.
