Gentlemen:

Subject: Docket Nos. 50-361, and 50-362  
San Onofre Nuclear Generating Station  
Units 2 and 3

In our letter dated July 2, 1990, Southern California Edison (SCE) informed you that proposed changes to Technical Specification (TS) Table 3.7-2 and the Bases to TS 3/4.7.1.1 would be submitted by approximately September 30, 1990. The formal license amendment application has been prepared; however, SCE's final internal review and approval has taken longer than anticipated. Consequently, the amendment application will be delayed beyond September 30th. The submittal will be made no later than October 31, 1990.

Very truly yours,
