Mr. Harold Denton, Director
Office of Nuclear Reactor Regulation
U.S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Denton:

The Board of Directors of the Orange County Chamber of Commerce yesterday afternoon adopted the enclosed Resolution favoring the immediate licensing of the two new units at San Onofre and the two units at Diablo Canyon.

Sincerely,

Lucien D. Truhill
President & CEO

RESOLUTION

WHEREAS, the Orange County Chamber of Commerce is vitally interested in the needs of the businessmen of Southern California and the economic, environmental and social well-being of Orange County; and

WHEREAS, the Board of Directors of the Orange County Chamber of Commerce approved a comprehensive Energy Policy Statement on January 29, 1981, in recognition that adequate supplies of energy are critical to meeting those needs; and

WHEREAS, the Energy Policy Statement recognizes further that nuclear energy is a most important element to insure the near future energy supplies of Southern California; and

WHEREAS, regulatory delays in the siting and licensing of critical electrical generating facilities are costly to businessmen and all other consumers, threaten a healthy and productive economy, and necessitate a greater dependence upon foreign oil supplies;

NOW, THEREFORE BE IT RESOLVED, that the Board of Directors of the Orange County Chamber of Commerce supports:

1. The licensing of Units 2 and 3 of the San Onofre Nuclear Generating Station; and
2. The licensing of the two units at Diablo Canyon.

Approved by: Board of Directors
Orange County Chamber of Commerce
February 26, 1981
