INTERVENOR F.O.E. ET AL. SUPPLEMENT TO
ANSWERS TO INTERROGATORIES PROPOUNDED BY
APPLICANTS SOUTHERN CALIFORNIA EDISON

INTRODUCTION

In accordance with the "Stipulation and Order Confirming Termination of Discovery on Issues in Contention and Supplementation of Answers to Prior Interrogatories" the following is submitted and constitutes Intervenor's updating of answers to all previous interrogatories propounded by SOUTHERN CALIFORNIA EDISON.

1. Intervenor's response to Interrogatory #1 of Applicants First Set of Interrogatories dated June 28, 1978, has been updated fully by Intervenor's Response to applicants second set of interrogatories in toto and more specifically by Intervenor's answer to question no. 33.

2. Intervenor's Response to Interrogatory No. 2 from the 1978 First Set of Applicant's Interrogatories to Intervenor's, is updated by changing the Intervenor's recommended seismic

design criteria for "vibratory ground motion of .75 g" and "maximum ground acceleration of 0.75 g" (on page 14, 2a(3)) to the current Intervenor's recommended proper seismic design basis for vibratory ground motions at the site as stated and discussed and referenced in detail in Intervenor's Answer to Interrogatory No. 29 from the Applicant's Second Set of Interrogatories, which was mailed to all parties on February 2, 1981.

3. Question no. 3 of Applicant's First Set of Interrogatories has been answered fully by Intervenor's answers to Applicant's Fourth Set of Interrogatories, and will be further updated by Intervenor's Answers to Applicant's Fifth Set of Interrogatories.

Respectfully submitted,

RICHARD J. WHARTON
Attorney for Intervenor
F.O.E. ET AL.
