)	APPLICANT

GUARD hereby updates its response to Applicants Southern California Edison and San Diego Gas & Electric Company's First Set of Interrogatories to GUARD pursuant to 10 C.F.R. Section 2.740(e).

A. Response to Interrogatory No. 1(a)(c) item 3 may be deleted, since Nureg 0654 now provides time and distance guidelines for evacuation planning.

B. Response to Interrogatory No. 1(b): Add Edison Company Revisions of 1980 and the draft documents of the City of San Clemente and the State Parks Planning Committee.

C. Response to Interrogatory 1(d)(e) delete 1,7, and 8. It is too soon to name persons who will be responsible, since these persons have not yet been appointed in some

jurisdictions.. Parks officials Jack Stowe and Hal Doerkson
are the only certain names from the Parks Department at present.

D. Response to Interrogatory No. 3: We no longer
intend to present evidence on the issue of dewatering cavities.

DATED: April 10, 1981.
