21 TO: ADMINISTRATIVE JUDGE JAMES L. KELLEY, PRESIDING OFFICER,
22 ATOMIC SAFETY AND LICENSING BOARD:

23 SOUTHERN CALIFORNIA EDISON COMPANY and SAN DIEGO
24 GAS & ELECTRIC COMPANY ("Applicants"), through its
25 undersigned counsel, pursuant to 10 C.F.R. § 2.720(a) hereby
26 apply for issuance of a subpoena requiring the attendance and

8106150 300

1 testimony of DR. ROBERT L. McNEILL, 3936 Garcia, N.E.,
2 Albuquerque, New Mexico 87111, at the hearing on seismic
3 safety contentions now scheduled to commence pursuant to the
4 Revised Prehearing Conference Order herein, dated May 28,
5 1981, on June 22, 1981, at 9:00 a.m., in the United States
6 District Court, Courtroom No. 8, 940 Front Street, San Diego,
7 California.

8 One of the contentions in said hearing is whether
9 assuming a M 7 earthquake on the OZD, the seismic design of
10 SONGS 2 & 3 is adequate to protect the public health and
11 safety. Dr. McNeill's testimony is required by Applicants
12 and generally relevant to said contention because Dr.
13 McNeill's direct written testimony, served herein today,
14 demonstrates that Dr. McNeill is well-qualified, and that the
15 design basis earthquake spectrum as used for design of SONGS
16 2 & 3 is a conservative representation of the motion of
17 structures at the site due to a very large, nearby earthquake.

18 This application is based upon this "Application
19 for Issuance of a Subpoena to Testify to Dr. Robert L.
20 McNeill," the accompanying "Memorandum of Points and
21 Authorities in Support of Issuance of a Subpoena to Testify
22 to Dr. Robert L. McNeill," the accompanying [proposed]
23 "Subpoena to Testify to Dr. Robert L. McNeill", the record in
24 the above-captioned proceeding, and any and all such further

25 ///
