50-362-OL  
San Onofre Nuclear Generating Station Units 2 & 3

Gentlemen/Ladies:

In view of the energy needs of this state and nation, I urge your approval of the operating license for San Onofre Units 2 and 3.

It is my understanding that safety precautions (evacuation plans, etc.) are proceeding properly with respect to San Onofre. I support the maintenance of safety standards with respect to nuclear power, and I believe that we must proceed with the rapid expansion of all energy alternatives (including nuclear energy) to free our nation from its dependence upon foreign oil.

Please include these comments as written testimony for the hearings to be conducted in San Diego on June 27th.

Very truly yours,

MARIAN BERGESON  
Assemblywoman, 74th District
