1 July '81

Office of Secretary,  
NUC. Reg. Comm.

Acknowledged by card. 7-7-81 lap

Dear Sir;

I would like to make an oral presentation Saturday, 11 July  
at San Clemente CA.

My remarks will cover four points;

The American Medical Assn and the California Medical Assn  
approve the use of nuclear power.

Doctors who work in Radiology and Nuclear Medicine recognize  
the false terror tactics of some people. After all we work in  
radiation daily. A person can get over a hundred times more  
radiation exposure from diagnostic studies than the workers inside  
a nuclear generating station.

We recognize the public health disasters that could come from  
Brown-outs and electricity shortages. Large amounts of electricity  
are used for water purification and sewage disposal.

Very truly yours,

Ralph M. Wade M.D.
