Docket Nos. 50-361 OL

CORRECTIONS TO MEMORANDUM
SENT TO A.S.L.B. ON APRIL
17, 1981 RE: PROPOSED
AGENDA ITEMS AND REVISED
CONTENTIONS SUBMITTED PER
BOARD ORDER DATED MARCH 31,
1981.

TO THE ATOMIC SAFETY AND LICENSING BOARD AND TO ALL PARTIES:

Due to the pressure of time and the fact that part time help had to be enlisted on April 17, 1981, (Good Friday, a Holiday at U.S.D. Legal Clinic) certain errors and omissions were made in the memo sent to the Board on April 17, 1981.

The following are the appropriate additions and corrections.

1. The memo did not have the appropriate caption of the Case. Intervenor F.O.E. et al. propose that the caption used on these corrections be incorporated and made a part of the memo dated April 17, 1981.
2. On page 2 of said memo under Proposed Agenda Item #2 the

wrong part of the Board's order was quoted.

That portion starting with "4." The applicants have not (etc.) and ending with (A.S.L.B. memo and order P. 4)". That is, the last para p. 2 and first para p. 3 of memorandum should be stricken and the intended portion of the Board's ruling dated January 27, 1978 should be inserted as follows:

"This contention does not raise any factual issue and for this reason is disallowed. FOE, et al., asserts that it only wants to preserve its right to challenge the adequacy of the Staff's FES should it fail to consider the California' Marine Review Committee Report (MRC) (Tr. 601). The Staff is required to consider all available information that is relevant and significant in preparing its Environmental Statement. Failure to do so would appear to be a reasonable basis for challenge when the Statement is issued."

3. The Certificate of Service should be changed deleting 19th day of March, 1981, and inserting the 17th day of April 1981.

DATED: April 20, 1981

Respectfully submitted,

RICHARD J. WHARTON, Attorney
