San Onofre Nuclear Generating Station Units 2 & 3

Dear Sir:

This office wants to record its support for the expeditious licensing of Units 2 and 3 at the San Onofre Nuclear Generating facility.

The current high cost of energy in the San Diego area is the result of this region's near total reliance on expensive imported oil. Approval of the operating license for Units 2 and 3 will bring that cost down and lessen our dependence on foreign fossil fuel.

I am committed to all safe and environmentally sound alternatives which will help meet San Diego's energy needs. Prompt licensing of the new facility will be a step in that direction.

Sincerely,

BILL MITCHELL
Deputy Mayor
