Gentlemen:

Subject: Docket Nos. 50-361 and 50-362
Spent Fuel Pool Reracking TAC Nos. 68308/9
Amendment Application Nos. 78 and 64 (PCN-287)
San Onofre Nuclear Generating Station
Units 2 and 3

Reference: March 10, 1989 letter from Kenneth P. Baskin (SCE) to
Document Control Desk (NRC); Subject: Same as above

The enclosure to this letter provides Revision 3 to the "Spent Fuel Pool Reracking Licensing Report, San Onofre Nuclear Generating Station, Units 2 and 3," which was submitted by the above reference and revised by submittals dated April 19, 1989 and June 1, 1989. Revision 3 includes the following information: 1) responses to the Action Items identified during the April 25-27 and June 13-14, 1989 meetings with the NRC and the May 11, 1989 conference call regarding rack and fuel handling building structural analyses, 2) revised information regarding the spent fuel pool reracking process and cumulative construction doses, and 3) editorial corrections. This information is provided in the form of replacement pages to the "Spent Fuel Pool Reracking Licensing Report."

Remaining open items associated with the "Reracking Licensing Report" include 1) a new Technical Specification No. 3/4.9.13, "Spent Fuel Pool Boron Concentration," which defines a commitment to perform a monthly boron concentration surveillance, 2) the results of the rack reanalysis associated with the deletion of one North-South row in the Region II racks (reduction from 1572 to 1542 storage locations), and 3) the heavy loads (NUREG-0612) and

pool temperature/cooling information requested during the September 6, 11 and 15, 1989 telephone conversations with the NRC. This information and other remaining changes to the Reracking Report will be submitted in the next couple of weeks.

If you have any other questions concerning spent fuel pool reracking or would like additional information, please let me know.

Very truly yours,

A handwritten signature in dark ink, appearing to read "J. B. Martin". The signature is fluid and cursive, with a large initial "J" and "M".
