To Whom it may concern,

DS03
50/1

I totally disagree with any
licensing of Unit 2 at San Onofre.
I am 16 years old and I am speaking
as a very concerned young adult
about the future of my generation and
my childrens generations. For the sake
of your grandchildren - Please NO! How can
you develop something (waste) that won't hurt
you but will hurt your children. Sincerely yours
Cara Devecour
