Mr. Frank Miraglia
Branch Chief
Licensing Branch Number 3
Nuclear Regulatory Commission
Washington, DC 20555

SUBJECT: San Onofre Nuclear Generating Station Units 2 and 3.

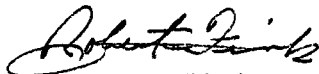

Dear Mr. Miraglia:

A review of our files indicates that we still have an unresolved case pending regarding the possible effects of the referenced project on historic properties eligible or included in the National Register of Historic Places. Although we have had considerable correspondence on this case and it is clear that this undertaking will have an effect on eligible properties, our files indicate that the Nuclear Regulatory Commission has yet to request the comments of the Council pursuant to Section 106 of the National Historic Preservation Act and its implementing regulations (36 CFR Part 800).

We are writing to ask that you inform us of what steps your agency has taken to comply with the requirements of Section 106. We would appreciate your reply as soon as possible in order that we can insure that the requirements of Section 106 are met.

If you have any questions, please contact Alan Downer at (303) 236-2682 (commercial) or 776-2682 (FTS).

Sincerely,

Robert Fink
