April 21, 1981

Mr. Harold Denton, Director
Office of Nuclear Reactor Regulations
U. S. Nuclear Regulatory Commission
Washington D. C. 20555

Dear Mr. Denton:

On April 13, 1981, the Board of Directors of the Goleta Valley Chamber of Commerce passed the attached resolution on Nuclear Energy.

Sincerely,

Anna Dato, Executive Director
GOLETA VALLEY CHAMBER OF COMMERCE

8104280503

S11

NUCLEAR ENERGY RESOLUTION

- WHEREAS, The Goleta Valley Chamber of Commerce is vitally concerned that the economic, environmental and social well-being of the State of California be maintained; and
- WHEREAS, an adequate supply of energy is critical to meeting California's economic and social needs while preserving the environmental gains of the past decade; and
- WHEREAS, this nation's continued overdependence on foreign oil has caused major adverse economic impacts; and
- WHEREAS, there is a probability that instability in the Middle East will, at some near future time, result in reduced supplies of oil, thereby causing further social and economic chaos here at home, and
- WHEREAS, there must be a strong commitment to conservation of the nation's limited resources with priority emphasis on the development of renewable forms of energy and to include the development of efficient and secure new sources of energy here at home, and
- WHEREAS, regulatory delays in licensing needed energy facilities are costly to the consumer, damaging to the environment, and result in greater importation of foreign oil;

NOW, THEREFORE, BE IT RESOLVED, that the Goleta Valley Chamber of Commerce supports and endorses the following;

1. Licensing San Onofre Units II and III and Diablo Canyon Nuclear power plants.
2. Primary commitment to the development of alternative forms of renewable energy such as: solar, geothermal and wind.
3. A continued commitment to the conservation of our energy resources.

Passed 4-13-81
Goleta Valley Chamber of Commerce
Board of Directors
