Mr. Harold R. Denton, Director  
Nuclear Reactor Regulation Office  
United States Nuclear Regulation  
Committee  
Washington, D.C. 20555

Dear Mr. Denton:

If the United States is to become self-reliant, we must rely on nuclear energy. For this reason, I support the licensing of San Onofre Plants 2 and 3.

We cannot allow ourselves to become slaves to the OPEC nations. By becoming more self-sufficient we avoid being used and taken advantage of for the benefit of others.

Sincerely yours,
