Gentlemen:

Subject: Docket Nos. 50-361 and 50-362  
San Onofre Nuclear Generating  
Units 2 and 3

Enclosed are five copies of an addendum report to the Cultural Resources and the High Voltage Transmission Line from San Onofre to Santiago Substation and Black Star Canyon report dated March, 1979, prepared by Cultural Systems Research, Inc., which was transmitted to you by letter dated March 16, 1979. The addendum report contains the results of additional ethnographic research at Pala, Pauma, and Rincon reservations in San Diego County, California. This addendum fulfills the requirements for the ethnographic study as agreed to in our letter to Mr. William H. Regan, Jr., dated November 27, 1978.

One copy of the addendum is being sent directly to Dr. Knox Mellon, California State Historic Preservation Officer, in accordance with an earlier request made by Mr. O. D. T. Lynch, Jr.
