Subject: Docket Numbers 50-361 and 50-362  
Semiannual Radioactive Effluent Release Report, San Onofre  
Nuclear Generating Station, Units 2 and 3

Dear Sir:

The semiannual radioactive effluent release report for the period from July 1, 1982 through December 31, 1982 is enclosed. This report is submitted in accordance with Facility Operating License No. NRF-10 and Facility Operating License No. NRF-15, as amended.

This report has been prepared in the general format of U.S.N.R.C. Regulatory Guide 1-21, sections pertinent to SONGS 2&3. Included in this report are quarterly effluent summaries; percent of Technical Specification Limits; estimated total percent error; lower limit of detection concentrations; 40 CFR190 considerations; meteorological data; and 50 mile radius population doses.

Please contact us if we can be of further assistance.

Sincerely,

Enclosures: 2 copies
