Director of Nuclear Reactor Regulation  
Attention: Mr. D. B. Vassallo, Assistant Director  
Light Water Reactors, DPM  
U.S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Gentlemen:

Subject: Seismic and Structural Design Analysis Audit  
Docket Nos. 50-361 and 50-362  
San Onofre Nuclear Generating Station  
Units 2 and 3

Reference: (A) NRC Letter from H. Rood to the Southern California  
Edison Company of January 12, 1979

Enclosures: (1) Partial Response to Audit Request Items  
(2) Audit Request Item Submittal Schedule

Enclosure (1) contains a partial response to the requests of Reference (A) which was generated as a result of the Structural Audit of December 4 through 8, 1978. Enclosure (2) contains a listing of the requests of Reference (A) and the manner in which they will be dispositioned. Those request items which involve calculations will be presented in meetings tentatively scheduled for early March and mid-April. Engineers who are familiar with the requested calculations and appropriate reference material will be present at these meetings to respond to Staff questions and facilitate their review.

If you have any questions, please contact me.

Very truly yours,

*KP Baskin/jh*
