Dear Mr. Engelken:

Subject: Docket Nos. 50-361 and 50-362
San Onofre Nuclear Generating Station, Units 2&3

In a letter to your office dated December 14, 1979, we provided an interim report regarding the lack of "as-received" documentation for inspection, measuring and test equipment sent to vendors for recalibration. In a follow-up letter to your office dated March 10, 1980, we advised you that our final report on this subject would be submitted by May 30, 1980.

Enclosed, in accordance with 10CFR50.55(e) are twenty-five (25) copies of a report entitled, "Final Report on Measuring and Test Equipment Recalibrated at Vendor Facilities, San Onofre Nuclear Generating Station, Units 2 and 3".

If you have any questions regarding this report, we would be pleased to discuss this matter with you at your convenience.

Very truly yours,

Enclosures
