Dear Mr. Engelken:

Subject: Docket Nos. 50-361 and 50-362  
San Onofre Nuclear Generating Station, Units 2 and 3

In a letter to your office dated April 29, 1980, we identified a condition which we consider reportable in accordance with 10CFR50.55(e). This condition involves the proximity of three (3) safety related piping lines to the Seismic Category II condensate storage tank.

Enclosed in accordance with 10CFR50.55(e), are twenty-five (25) copies of a final report entitled "Safety Related Lines in Proximity to Non-Seismic Category I Tanks, San Onofre Nuclear Generating Station, Units 2 and 3."

If you have any questions regarding this report, we would be pleased to discuss this matter with you at your convenience.

Very truly yours,

Enclosures
