Dear Mr. Eisenhower:

Subject: Amendments to Construction Permits for San Onofre Nuclear
Generating Station, Units 2 and 3 (Docket Nos. 50-361/362)

Your letter of August 5, 1980, to Mr. Robert Dietch of the Southern California Edison Company (Edison) and to Mr. D. W. Gilman of San Diego Gas & Electric Company (San Diego), concerning the above subject, stated that your Commission had found the Cities of Anaheim and Riverside to be qualified to participate in the ownership of San Onofre Units 2 and 3. As a result, the four parties have recently executed a Participation Agreement, retroactively effective on and after November 1, 1977, pursuant to which said Cities will participate with Edison and San Diego in the ownership of and the electrical output from such units. For your information and convenient reference, the participation shares, effective as of November 1, 1977, are as follows: Edison, 76.55%; San Diego, 20.00%; Anaheim, 1.66%; and Riverside, 1.79%.

In accordance with the request contained in your August 5 letter, we are sending you, by separate mail, eight conformed copies of this Participation Agreement, fully executed by the four parties, for the use of the Commission staff. If you have any questions concerning this agreement, please do not hesitate to contact me.

Very truly yours,

K P Baskin
