Subject: RE: Doel 3 - Tihange 2 RPV issue: Safety Case Reports

Dear all,

Apparently, for some of your mail-servers the size of the attachments (7 MB) in my previous message was too large to be delivered.

I'm therefore resending this message (without attachments this time).

As mentioned, the "Safety Case Reports" and the additional technical document 8.1.4 can be found in the EWG001 folder.

Best regards,

Frederik Van Wouterghem
