Subject: Doel 3 - Tihange 2 RPV issue - feedback on WG1 reports
Attachments: CNove Comments on NDE Reports 1-4-2013.xlsx

Dear Frederick and Andre,

Last week, I had the opportunity to review the WG1 related documents and have put together the attached spreadsheet which summarizes my comments, questions and concerns. Please note that the attached reflects my personal technical opinion, and does not reflect an official NRC agency opinion.

I look forward to seeing you at the meetings this week. I know that they will be very interesting.

Best regards,
Carol Nove
