We have not yet asked. We will be asking. See attached.

P.S. under the topic of the certification mark, I changed memoranda to memorandum. It will be a single enforcement guidance memorandum that we will be issuing. If you would like, you may say that the RIS and EGM are in the concurrence phase at this time.

Subject: First draft of report

Attached is draft report for LA next week.

Tim, Jay: one question No. 5, Gravelines – it wasn't clear whether NRC has requested or will be requesting. Please fix accordingly.

Steve, Dave: No 4, RI-ISI – I revised second paragraph. Please review to make sure what I have said is accurate.

Bob: sorry, I forgot to ask you to update the Doel 3 section.

Could you please get back to me by noon tomorrow so that I can send this out tomorrow afternoon.

Thanks, Wally
