I have uploaded all files for WG3 (there are about 5 new documents), plus 3 other new files in the main directory. I did not investigate anything for WG1 or WG3 as I am assuming Carol and Jeff are on top of those.

To keep things a bit simpler for WG3, there is now a subdirectory underneath the WG3 directory that houses a mirror image of the FANC Sharepoint site documents for WG3. I named it, "Copy of FANC Sharepoint for WG3."

All,

I checked the FANC Portal this morning and found that several NDE documents were posted on Nov 5<sup>th</sup>. I have uploaded these to the NDE section of our Sharepoint site. I also found a summary listing of all the docs that have been posted to date, and have: (1) posted that to the main folder of our sharepoint site, and (2) just noticed that there are several non-NDE docs that have been posted by FANC (which I have not downloaded and posted to sharepoint).
