Great thanks!!

Paperwork is with Debbie now. I'll approve her travel authorization before I leave today.

Thanks for all the help.

Mike,

I support Carol's Doel trip now for January 8<sup>th</sup>.

I believe it's in the best interest of the agency to support the trip so that we get a better understanding of the NDE requirements and inspections performed in Belgium, Sweden, Switzerland, and France. This was made very evident after the Chairman's brief.

If you're OK with it too, I'll have her prepare the joint NRR/RES pre-trip paperwork since we now have 3 travelers – Carol, Mark (on OIP \$\$), and Bob. I've talked with Bob and he's ok with us to handle the paperwork since he's off for the next week and a half.

Thanks,  
Al
