Hello Laurent,

We plan on having that public meeting on March 5, 2013. EPRI and the Owners Group materials people will be the primary presenters. The industry will be presenting their plans and progress for performing structural integrity assessments and their plans and progress in reviewing their construction records. We will present our regulatory plans and will summarize the issue.

Hello Bob

I hope your return trip from Brussels went well.

I learned that you will have a public meeting on Doel 3 scheduled on January 26.  
Could you tell me what are the people who will participate and what are the topics that will be discussed.  
Looking forward to hearing from you.

Laurent
