---

Mr. Diaz:

You still have to respond immediately and follow the instructions provided in the Notice of Violation. For each violation, you must state the four items specified in the Notice of Violation.

Mr. Lodhin:

Sorry for the delay to answering letter. We have been developing the security plan and management of the machine. The Shipping paper was already done and included in the documents of the machine. We are building a device to keep the machine fix to the vehicle while it is in motion or stopped and including the locks requested. We have three people were instructed to use the machine and hazardous materials. The tables of maintenance, use and training are being developed. The safety manual was finished. We need additional time to complete the documentation and demonstrate that we are making the necessary changes for the safe and proper use of the equipment. We hope that in two weeks or before we can deliver the documents.

Thanks for your time,

Att.

Aníbal J. Díaz

I assumed that my email was sufficient to stop the time, but we never stop and currently we are working to complete all documents.

Thank you for the information. I am sorry that you are put in this situation. I did include Mr. Diaz also in my e-mail to you so that he is aware of this situation and I hope he understood my e-mail. Unfortunately his knowledge of English is not as good as yours. Please tell him to respond to my e-mail. Thank you.

Mr. Lodhi:

Sorry for the delay, and I am worry about your concern. But I am not the person who is in charge of this issue anymore. At the beginning I only help to translate and inform to the people who are responsible. Then I delivered all documents and files to Mr. Díaz and Mr. Soto. So, please contact both of them because they are the professionals about this matter. I do not have the knowledge neither the experience, I only helped in the language issue the first time you came to our facilities.

In case that you need some other information or help to communicate with them, I can do this, but not furthermore.

Thanks, Litza

We have not received a formal response to our Notice of Violation from you. You are required to send a response in accordance with the instructions in the Notice of Violation. Please send the response as soon as possible. The formal response was required no later than 30 days from the date of our letter. May be you erroneously assumed that your e-mail was sufficient. Please contact me if you have any questions.

Mr. Lodhi:

Good morning! We want to let you know that the company made the arrangements with Mr. David Rhoe to give a complete training to our staff next Saturday. Now they are going to be 3 people with the appropriate knowledge and management of the C200 machine. They are going to be: Eng. Anibal Díaz, Tech. Félix Soto and Mr. Angelo Figueroa (as a

translator).

If you require any other information, you can contact our Engineer at [ajdiaz78@yahoo.com](mailto:ajdiaz78@yahoo.com).

Thanks!

**Subject:** Re: NRC License Fee

Good morning Mr. Lodhi:

Hope everything is fine! Please if it is possible we need some confirmation or receipt that certify that we made the annual fee payment last February. We are making all the actions concern to calibrate and make useful the nuclear equipment, so David Rhoe require some kind of evidence in which we can confirm that our license was been renewed.

Thanks!

Hi Litza:

I have attached the invoice for annual fee and NRC Form 526. You must pay the fee immediately otherwise the license may be revoked. With regard to your request for transfer of gauges for calibration, we did not receive any letter regarding the request. The NRC does not maintain list of vendors that calibrate portable gauges. You may check with other engineering companies in your area to find whom they use for calibrating their

portable gauges. Please feel free to call me at (610) 337 5364 if you have any questions regarding your gauges.

For fee-related questions, you should call Lynn Bates at (301) 415 6079 or Kelly Riner at (301) 415 6246 for assistance.
