PROD. & UTIL. FAC.

Dear Sir:

I am writing to urge that you use the power of your office to expedite licensing of Nuclear power plants in our state of Calif. - particularly Diablo Canyon and San Onofre.

I do not fear Nuclear Power plants at all and feel that we badly need this great source of energy. The so called - 3 mile Island Accident was a farce - what accident? Not one bit of humanity or environment was harmed and the incident proved how safe Nuclear plants are.

The plants in our state are built to surpass every safety test and would greatly reduce the need for oil in our state for electrical energy.

Respectfully,
