

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D.C. 20555-0001

December 31, 2013

Mr. Mark Wolfe
State Historic Preservation Officer
Texas Historical Commission
Austin, TX 78711

SUBJECT: NOTICE OF AVAILABILITY OF THE FINAL SUPPLEMENTAL
ENVIRONMENTAL IMPACT STATEMENT FOR LICENSE RENEWAL OF
SOUTH TEXAS PROJECT, UNITS 1 AND 2

Dear Mr. Wolfe:

Please find enclosed a copy of the final NUREG-1437, "Generic Environmental Impact Statement for License Renewal of Nuclear Plants, Supplement 48, Regarding South Texas Project, Units 1 and 2." The final Supplemental Environmental Impact Statement (SEIS) is being issued as part of the Nuclear Regulatory Commission's (NRC's) process to decide whether to issue renewed operating licenses to STP Nuclear Operating Company (STPNOC) for South Texas Project, Units 1 and 2 (STP). In the final SEIS, the NRC staff determined that the adverse environmental impacts of renewed licenses for STP are not great enough to deny this option for energy planning decision-makers. In the context of the National Historic Preservation Act of 1966, NRC staff determined that no historic properties will be affected by the proposed action (license renewal). The final environmental impact statement will accompany the final Safety Evaluation Report to be considered in the Commission's license renewal decisionmaking process.

If you have any questions regarding this matter, please contact Emily Larson, Social Scientist, at 301-415-1151 or by e-mail at Emily.Larson@nrc.gov.

Sincerely,

A handwritten signature in black ink, which appears to read "William [unclear] for David Wrona".

David J. Wrona, Chief
Environmental Review and
Guidance Update Branch
Division of License Renewal
Office of Nuclear Reactor Regulation

Docket Nos. 50-498 and 50-499

Enclosure:
NUREG-1437, "Generic Environmental Impact
Statement for License Renewal of Nuclear Plants,
Supplement 48"
