

January 5, 2014

Mr. Ralph Hill, Chairman
BPV Committee on Construction of
Nuclear Facility Components, Section III
American Society of Mechanical Engineers
2 Park Avenue, 6th Floor
New York, NY 10016-5990

Dear Mr. Hill:

I would like to nominate Richard McIntyre, as an authorized U.S. Nuclear Regulatory Commission (NRC) representative on the BPV Committee on Construction of Nuclear Facility Components, Section III, and the BPV III Executive Committee of the American Society of Mechanical Engineers (ASME) Boiler and Pressure Vessel Code. Mr. McIntyre is a Senior Reactor Operations Engineer in the Mechanical Vendor Inspection Branch in the Office of New Reactors and is responsible for quality assurance and vendor inspection activities related to mechanical systems and components for the current operating fleet and new reactor construction.

Mr. McIntyre currently participates on several ASME Section III and NQA-1 committees and his PF-1 and PAF-A forms are on file with ASME.

In accordance with the Office of Management and Budget Circular A-119, "Federal Participation in the Development and Use of Voluntary Consensus Standards and in Conformity Assessment Activities," February 19, 1998, the participation on a committee of an NRC-authorized representative does not connote agency agreement with, or endorsement of, decisions reached by the committee, or of standards approved and published as a result of the committee's efforts. Agency representatives participating on standards developing groups will, to the extent possible, ascertain the views of the agency on matters of interest and will express views that are consistent with established agency views.

Correspondence should be addressed to:

U.S. Nuclear Regulatory Commission
ATTN.: Richard McIntyre
Mail Stop: T-7D24
Washington, D.C. 20555

Voice: 301-415-3215
Fax: 301-415-5947
E-mail: Richard.McIntyre@NRC.GOV]

R. Hill
