Subject: Comment on Draft NUREG-2157 -- Docket NRC 210-0246 Waste Confidence Generic Environmental Impact Statement

Dear Secretary,

The NRC's "waste confidence" principle was properly struck down by a federal court because, some 60 years into the commercial atomic age, it is patently obvious that there is no foreseeable "solution" for long-term radioactive waste storage that would attain three necessary and basic goals: scientifically-defensible, environmentally-responsible and publicly-acceptable.

WHEN YOU DEVISE A SIGN THAT STATES
"THIS SHIT WILL KILL YOU AND ALL YOU LOVE" THAT WILL LAST 250,000 YEARS IN A LANGUAGE THE
FUTURE PEOPLE WILL UNDERSTAND, THEN ASK US FOR A "WASTE DUMP" PERMIT. UNTIL THEN BUGGER OFF
AND STOP MAKING MORE OF THE SHIT THAT WILL KILL US AND ALL WE LOVE.

GARY KILLPACK
LINCOLN CITY
OREGON.
