General Comment

Shut down San Onofre (CA) & All (toxic) nuke plants! Dry case storage is very dangerous, it's on the CA fault line & 90% more radioactive stuff than Chernobyl! Do your job, Protect Our lands, waters, wildlife, health & future! You work for citizens, Not industry! Go Totally sustainable, renewable energy!

Your attention to this most urgent matter would be much appreciated by all present & future generations of all species!

Thank you

Lydia Garvey Public Health Nurse
