General Comment

Catherine Karas

5515 Paseo Del Lago W, 1B

Laguna Woods, CA 92637

It is extremely unsafe to leave nuclear waste so near so many earthquake faults.

It is in a highly populated county with no evacuation routes EXCEPT the 5 which is already overcrowded.

There is potential for so much damage to so many not to mention the economic ramifications.

Please see how important it is to relocate this waste to a safer, less populated region.
